

## **Co-curricular/Extracurricular Activities**

The Board recognizes co-curricular/extracurricular activities, when properly planned and conducted in an appropriate, safe environment, represent an essential part of the educational experience. The Board supports such co-curricular/extracurricular activities and will attempt to make them available to interested students. It is the Board's goal to provide each student with a balanced program of academic studies and co-curricular/extracurricular activities to be determined by the school, the parents and the students.

Co-curricular/Extracurricular activities will be activities which are organized, supervised, and conducted under the auspices of the district. The activities may take place on district property and will primarily involve students in other than classroom situations. Transportation for these activities will follow district guidelines. Costs will be paid according to the "Lincoln County School District Transportation Cost Practices" based on the appropriate level as determined by the principal and superintendent.

The following may be considered extracurricular activities:

1. Student government and its related activities and organizations;
2. Musical festivals or contests, speaking activities and drama;
3. Organized activities which are part of interscholastic athletics;
4. All types of interscholastic competition;
5. Special interest clubs;

The Board will approve specific extracurricular activities. The administration will supervise these activities in keeping with this policy and any administrative regulations.

**END OF POLICY**
