

Code: **JHH**
Adopted: December 13, 2007

Student Welfare - Suicide

The Board recognizes that childhood/adolescent suicide and suicidal tendencies are problems within the elementary and secondary schools of the nation. Therefore the Board directs the superintendent to initiate and establish a suicide education/prevention program.

Decisions regarding individual or a group in crisis will be made through a team approach. No individual staff member will make crisis decisions in isolation.

END OF POLICY
