

## **Progress Update #3**

**Due Friday, February 26, 2021**

Submit/Post to School Website

School Performance Plan Implementation: Using data from your winter interim assessment(s) please provide a short narrative to capture your progress in the implementation of your School Performance Plan thus far.

### **Professional Development**

**Progress** Focus will be on the planned PD by the LCSD engagement team and the Modern Teacher platform. We will also utilize the district PD on the current Empower LMS. We will continue to utilize the Summit platform for instruction and data tracking.

**Barriers** Empower LMS was not tracking our data effectively so we have returned to using the Mastery Connect platform for tracking student data

**Next Steps** - Make sure teachers are consistently updating the platform with current data.

### **Family Engagement**

**Progress** All staff have communicated with parents and gave them the information needed to access their children's progress on each platform. These meetings were student led, zoom or phone conference

**Barriers** Not all parents have computer access or struggle to understand the data

**Next Steps** face to face and/or student led compacts to help parents understand where their children are academically.

## Curriculum, Instruction, Assessment

**Progress** Summit classrooms have consistently tracked data using the Summit platform. Mastery Connect classrooms have amped the usage and are utilizing the platform to track standards.

**Barriers** Follow through from admiration to support teachers who are struggling with entering in data consistently

**Next Steps** Set percentage goal of standards tracked by spring break.

**Elementary and Middle Schools report interim data here: [MAPS Winer Data](#)**

1. Did you meet the targets established after the Fall interim assessment?

<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No
What if any adjustments will you make to your 2020-2021 School Performance Plan?	What adjustments will you make to your 2020-2021 School Performance Plan?

2. What targets will you set for the spring benchmark based on this initial data?

We will model the district goals for the spring for all grade levels.
