Because of the expected dollar amount of the sub-contract bids, Lincoln County School District does not anticipate any of the sub-contracts to require a public works project number. However, be in known that (LCSD) complies with NRS chapter 338 Public Works. LCSD is not required to limit bidding to only those contractors who have “qualified” with the Nevada State Public Works Board (NSPWB). School districts may choose to use the list of qualified bidders, but are not required to. The State of Nevada Public Works Office has determined that; *“public work” means a public work, as defined in NRS 338.010, that is under the jurisdiction of the board”, and that, school district’s construction projects funded through Bonds are not under the jurisdiction of the board, by definition are not “public works projects” and are not required to limit bidding as outlined by NSPW procedures.”*

(Please see: <http://spwb.state.nv.us/QualificationofBidders.htm> ) Lincoln County School District also understands that although the District is not required to limit bidding to only those contractors on the qualified list, LCSD is also not allowed to exclude any contractor on the NSPWB qualified list unless they are found to be disqualified according to NRS 338.1379 and 338.1381.

Please Refer to NRS Chapters 338 and 332, specifically; 332.065, 332.075, 332.085, and 338.010
